

Space Module Product Configuration List (X6)

Company Name:	BUILDING SPACE ecospace823@gmail.com	 	
Contact information WhatsApp:	+34 698 99 85 85		
model:	Spacecraft X6		
Size:	Length: 9.5 meters, width: 3.3 meters, height: 3.2 meters		
Area:	Approximately 31.4 square meters and 6 tons		
Unit type:	1 room, 1 living room, 1 bathroom		
Number	Configuration Content	remarks	
one	Main structure outer frame	Special instructions	Configuration standards
one	Steel structure skeleton	/	Standard configuration
two	Aluminum alloy shell	Fluorocarbon paint	Standard configuration
three	Shell filled with thermal insulation layer	/	Standard configuration
four	Sunroof glass (tempered hollow glass)	LOW-E tempered insulated glass	Standard/Cancellable skylight
five	Super large tempered glass curtain wall	6+18+6 hollow tempered glass	Standard configuration
six	Balcony tempered laminated glass guardrail	8+8 laminated tempered glass	Standard/Cancellable balcony
seven	Advanced custom entrance door	Intelligent fingerprint door lock	Standard configuration
eight	Balcony aluminum alloy sliding door (including door lock)	Broken bridge aluminum system doors and windows	Standard configuration
nine	Peripheral atmosphere light strip	/	Standard configuration
ten	Load bearing support foot brace	/	Standard configuration
two	Interior decoration		Configuration standards
one	SPC high-grade stone crystal lock buckle floor, moisture-proof, wear-resistant, and environmentally friendly	/	Standard configuration
two	Aviation aluminum veneer ceiling, advanced environmentally friendly carbon crystal board for walls	/	Standard configuration
three	Indoor atmosphere light strip	/	Standard configuration
four	Indoor electric blackout curtain guide rail and motor	Excluding fabric curtains/gauze curtains	Standard configuration
five	Sunroof electric sunshade	/	Standard configuration
six	Switch control box	/	Standard configuration
seven	Advanced environmentally	/	Standard configuration

	friendly carbon crystal board for bathroom interior walls		
eight	Advanced anti slip ceramic tiles in the bathroom	/	Standard configuration
nine	High end sink/bathroom mirror/faucet/shower/floor drain in the bathroom	/	Standard configuration
ten	High end intelligent toilet in the bathroom	/	Standard configuration
eleven	High end intelligent electric water heater in the bathroom	/	Standard configuration
twelve	Heating and cooling air conditioning pipeline system	/	Standard configuration
thirteen	Multi functional storage cabinet	/	Standard configuration
fourteen	Brand split air conditioning	1 unit	Standard configuration
fifteen	Brand water heater 80 liters	1 unit	Standard configuration
three	Intelligent and environmentally friendly equipment		Configuration standards
one	Card insertion and power retrieval control system	/	Standard configuration
two	Intelligent integrated control system for whole house lighting	/	Standard configuration
three	Strong and weak current distribution systems	/	Standard configuration
four	Water supply and drainage system	/	Standard configuration
five	Intelligent control system for electric curtains	/	Standard configuration
six	Sunroof sunshade electric system	/	Standard configuration
seven	Intelligent control system for air conditioning	/	Standard configuration
eight	Intelligent voice control system	/	Standard configuration
four	Optional parts		Configuration standards
one	Entrance welcome staircase platform	/	Optional configuration
two	Indoor intelligent shading curtains	/	Optional configuration
three	Whole house background music system	/	Optional configuration
four	Projection equipment system/TV	/	Optional configuration
five	Geothermal underfloor heating system	/	Optional configuration
six	Small refrigerator	/	Optional configuration
seven	Washing machine	/	Optional configuration
eight	Kitchen system	/	Optional configuration

Total price Spain :

EURO 63000.00

Explanation: 1. The above quote includes the cost of standard configuration contents, including taxes, freight, installation costs, unloading and on-site lifting costs.
